

## TWENTY LIVES LOST IN A FIRE

One of the Most Disastrous Blazes in History of Philadelphia.

## THIRTY ARE HURT

Factory Employees Had No Chance to Escape; Jumped from the Windows.

## CITY MUCH EXCITED

Philadelphia, Pa., Oct. 25.—One of the most disastrous fires in the history of the city, resulting, it is estimated, in the loss of at least twenty lives and injuries to about thirty persons, started this morning in the big furniture and upholstery establishment of the Hunt, Williamson Co. The fire spread with such rapidity that the employees had no chance to escape and were forced to jump from the windows. Several being dashed to death on the sidewalk. Others were blinded by smoke and unable to find the windows and burned to death.

Soon after the firemen got to work the south and west walls collapsed, carrying several firemen with them. The smoke was so thick the firemen were at serious disadvantage, some of them being temporarily overcome. The fire was right in the very heart of the business section, Wanamaker's and other great establishments being only a stone's throw away and the excitement was intense.

At 2 o'clock the fire was practically under control but the search for the dead had not been begun. It was impossible at that hour to give a definite list of the casualties, but it is certain to reach twenty. The property loss will reach \$500,000.

## NEGRO IS BURNED AT THE STAKE; CONFESSED HE DESERVED HIS FATE

First Tried to Implicate Others in the Murder of Mrs. John Ball—Died Without an Outcry.

Columbia, Miss., Oct. 25.—William Morris, a negro, who assaulted Mrs. John Ball at Balltown, La., was burned at the stake yesterday. After being captured he made an effort to implicate others, but they soon proved their innocence. He was taken to the scene of his crime, tied to a pine sapling with chains, and his hands and feet chained to his body. Pine knots and pine straw were thrown about the body and saturated with coal oil, and the whole set on fire. The negro made no outcry when the flames first reached him and only when he was partly consumed did the spectators notice any movement on his part. He made no movement when being

## SCHLEY'S STORY OF SANTIAGO BATTLE

He Says It Was Not Possible to Coal—Simple Tale of Brave Man Doing His Duty.

Washington, Oct. 25.—Admiral Schley came to the court early this morning. He was cheerful in manner and free from any effect of yesterday's ordeal. A number of yesterday's witnesses preceded Schley for the purpose of correcting testimony. Among them Lieut. Commander Harlow who in answer to a question said that the Vixen carried a verbal report from Schley on July 2 to New York notifying Sampson that unusual activity was manifested by the Spanish ships in the harbor.

Schley then resumed the stand. He began detailing the movements of the fleet from the point where he left off yesterday. Referring to Lieut. March's statement on the stand with reference to the accuracy and promptness with which matters were attended to on the New York said:

"It is of much importance in that connection to call attention to the fact that the dispatch of May 27 did not reach me until June 10."

Regarding the retrograde movement he said it was not possible to coal and thought his judgment better than that of any officer in the fleet. It was so hot the doctor recommended a let up, which he did.

On the afternoon of the twenty-seventh the coaling had proceeded far enough and the trip to Santiago began. On the morning of the twenty-ninth he discovered the Spanish fleet in the harbor and a few hours after the St. Paul came up. He immediately informed Sigbee who seemed greatly surprised. Then he sent a dispatch to Washington saying the fleet was found and a blockade was immediately established.

Schley denied Lieut. Potts' statement that he (Schley) felt any anxiety regarding the reconnaissance on May 31 and said it would have been folly to expose any of his ships at closer range and declared that as it was the Iowa was struck by one shell and others went over the Vixen. He said the department advice to take Guantanamo was impracticable. On June 1 he went aboard the New York and there was not a word of disapproval of the work he had done on that day. He turned his command over to Sampson.

## NAVY ASSIGNMENT FOR CROWNSHILD

Washington, Oct. 25.—Rear-Admiral Crownschild will be rewarded for his work as head of the navigation bureau during and since the war with Spain, by being placed in command of the European station at the time of King Edward's coronation. During the mix-up young Severson's collar bone was also broken. The accident has aroused intense feeling among the parents of the city against the game. Petitions have been started which will be brought before the board of education demanding that football be prohibited among all school children in La Crosse.

## M'KINLEY FELL IN THE LINE OF DUTY

Washington, Oct. 25.—Dr. Rixey, who was with McKinley when he was shot, has made a report of the case, which is published today by the navy department as a special appendix to the annual report of the surgeon of the general navy. Rixey says the injury causing the death was received in the line of duty. This, it is believed, will be a sufficient warrant for congress to grant Mrs. McKinley a pension.

## WENT OVER NIAGARA FALLS ALIVE; WOMAN MAKES VOYAGE IN BARREL

Feat Accomplished for the First Time in History—Mrs. A. E. Taylor Sustains Injuries in the Awful Plunge Over the Cataract.

Niagara Falls, N. Y., Oct. 25.—At last the falls of Niagara have been conquered and by a woman, for yesterday afternoon Mrs. Anna Edson Taylor, a widow, safely passed over them in a barrel. It was beyond any conception but her own that she would live to tell the story. But she is alive today and the doctors say that as soon as she gets over the shock she will be all right.

At 4:05 o'clock the barrel was set adrift and Mrs. Taylor was at the mercy of currents in waters that never before have been known to spare a human life. From the spot where the rowboat left he barrel the current runs frightfully swift and soon breaks over reefs that cause the water to toss in fury.

The barrel was weighted with a 2,000-pound anvil, and it floated nicely in the water. Mrs. Taylor apparently retaining an upright position for the greater part of the trip. In passing over the horseshoe fall the barrel kept toward the Canadian side at a point 300 feet from the center. It dropped over the fall at 4:23 o'clock. In less than a minute it appeared at the base of the fall and was swept down the stream.

The current cast it aside in an eddy, and floating back up stream, it was held between two eddies until captured at 4:40 o'clock. As it was landed on a rock in the river it was difficult to handle but several men soon had the hatch off. Mrs. Taylor was alive and conscious, but before she could be taken out of the barrel it was necessary to saw a portion of the top away.

She is suffering greatly from the shock. She has a tree-inch cut in her scalp back of the right ear, but how or when she got it she does not know. She complains of pain between the shoulders, but this is thought to be from the fact that her shoulders were thrown back during the plunge, as she had her arms in straps and these undoubtedly saved her neck from breaking.

While thanking God for sparing her life, she warns everybody against trying to make the trip. Mrs. Taylor is 43 years old. She was born in Auburn, N. Y. She has crossed the American continent eight times.

## DETERMINED TO MARRY THE GIRL

Walter B. Henry, the Chicago Boy, Arrives in New York—Miss Kaywood Has Disappeared.

New York, Oct. 25.—More determined than ever that he would marry the girl whom he loved, Walter B. Henry, 19 years of age, of Chicago, who followed his sweetheart more than 8,000, arrived last evening on the steamship Deutschland.

The girl he has been following is Miss Bessie Kaywood, also of Chicago, who arrived here on Tuesday on the Kronprinz Wilhelm. She has been hidden away by her guardian, and it is a question whether young Henry will be able to find her. When Henry was first seen at the pier today he was very reticent but finally consented to tell his story.

"Now, look here," he said, "if any of you fellows were engaged to one of the sweetest girls and some one sent her away, would you follow her? Well that is just what I did, and in the end I expect to marry her. I met Miss Kaywood in Chicago several years ago, and in time we fell in love. Her uncle objected to me, but love always finds a way and we managed to meet three or four times each day. We became engaged, and then the trouble started. Her uncle had her sent to Berlin to a private school and I thought I best to follow."

"Before Miss Kaywood left this country she told me just where she was going and how to get there. A letter from her in the general post office in Berlin told me where I could find her. While abroad we met, well, I guess at least four times a day. When her uncle got wind that I was in Berlin he immediately sent for her, and she started back to Chicago. I would have gone back on the same boat but I was unable to secure passage."

"I hear that stories about my position have been published. Those which I have seen are all lies. I am a dentist, but earn, I hope, more than \$9 a week. I am able to support Miss Kaywood, and in the near future expect to marry her. I am going to spend a few days here and then expect to go back to Chicago. She loves me, and I love her. Can you tell me why we shouldn't marry?"

L. B. Smith, who has been the guest of relatives, returned to his home in Madison today.

## TOBACCO MEN COME TOGETHER

Steps Taken Towards the Formation of a State Organization.

## FORMULATE A PLAN

Efforts to Induce the Growers to Separate the Filters When Sorting.

## TALK TOBACCO TRADE

At a meeting of the tobacco dealers of the state held at the Hotel Myers yesterday afternoon, the first steps were taken toward the formation of a state organization. The sixty-two tobacco dealers, who assembled together at the invitation of the Janesville Leaf Tobacco Merchants' association represented nearly every tobacco market in the state and it was the unanimous sentiment that a state organization was most desirable. To this end a resolution was adopted appointing a committee of six to formulate a plan for the organization of the state association. The committee appointed included Perry Wilder, of Evansville; Andrew Jensen, Edgerton; O. C. Lee, Sloughton; M. Felton, Madison; L. B. Carle, Janesville; and Fred Eckhart, Virgiana. This committee is to report at a future meeting of the tobacco dealers of the state. The time and place of holding such a meeting is to be determined upon by the committee, and will be called as soon as the plans for organization are ready.

**Separate Filters When Sorting.**  
Considerable business of interest to tobacco dealers was transacted, discussion of common interests being freely engaged in by the dealers present. Next to the starting of the movement for state organization, the most important action taken was the adoption of a resolution in which the dealers stated that they desired to put themselves on record as in favor of using every possible effort to induce the growers to separate out the filters when sorting; and as favoring a uniform contract to be used by all the dealers of the state. The resolution also stated that in the opinion of the dealers wet tobacco should be considered unmerchantable and that this fact should be clearly stated in the contract.

The resolutions brought before the meeting were discussed by several of the most prominent dealers of the state and the sentiment in favor of the principles which they expressed was unanimous. The meeting was one of profit to all present, and was presided over by Perry Wilder of Evansville, F. W. Coon serving as secretary.

## DELIGHTED WITH ENTERTAINMENT

While important business was transacted the social nature of the occasion was not by any means neglected. The dealers appreciated highly the opportunity of meeting each other in a pleasant personal way and lingered at the hotel long after the meeting had adjourned. The visitors from other parts of the state were delighted with the manner in which they were entertained by the local dealers who were unanimously voted to be royal hosts. Landlord J. F. Sweeney also received much praise for the able manner in which he assisted the local tobacco men in making the day a pleasant one for the guests. The meeting was a great success and the Janesville association received the hearty thanks of the dealers for conceiving the plan of such a gathering.

## ADOPTED PLAN OF REORGANIZATION

Meeting of Committee of Stockholders of the Badger State Long Distance Telephone Co.

The reorganization committee which was appointed at a special meeting of the stockholders of the Badger State Long Distance Telephone company held in this city recently met for the first time in committee session at the Hotel Myers yesterday afternoon at five o'clock. The committee was appointed to devise a plan for the reorganization of the company with the object of conducting its affairs on a more business like and less slipshod manner, and was authorized by the stockholders to put into execution any plan which in the committee's judgment seemed advisable.

This committee consisted of twelve members C. W. Twining of Monroe; F. W. Coon, Edgerton; H. S. Sloan, Edgerton; A. S. Baker, Evansville; J. C. Murdoch, Brodhead; A. D. Converse, Fort Atkinson; H. A. Molan-pah, Clinton; E. L. Van Suesmich, Delavan; Dr. A. S. Maxson, Milton; Sanford Soverhill, Janesville; H. D. Thomas, Blanchard and H. D. Pollock, Beloit. All the gentlemen were present at the meeting.

The committee organized by electing C. W. Twining of Monroe, chairman and F. W. Coon, of Edgerton, secretary. A plan of reorganization was adopted, although for various reasons the committee does not deem it advisable to make public the details of the plan at present. The plan adopted was discussed freely and the committee feels confident that the officers of the Badger State Long Distance Telephone company will soon be established on a firm and secure basis.

By a vote of the committee Chairman Twining was authorized to appoint a sub-committee of five members to effect the carrying out of the reorganization plan adopted. The committee adjourned subject to the call of the chairman, after which the members enjoyed supper together in the dining room of the Hotel Myers.

## AMUSEMENT NOTES.

When Robert B. Mantell forsook his role as a romantic actor for that of a tragedian he made a mistake and he makes a special mistake in trying to win fame and fortune in Shakespearean plays. Such a play as "Othello," in which Mr. Mantell appeared at the Myers Grand last evening must be given by great artists and be an exhibition of fine acting to find favor with an intelligent audience, and none other would appreciate the production at all. Mr. Mantell is a good actor of marked talent but he is not great. He gives a creditable interpretation of the jealous Moor but that is not sufficient and he should not desert the line of plays in which he won his name with the theater going public.

The entire production falls under the same criticism. It was good but that is not enough for Shakespearean plays. Miss Marie Booth Russell was especially fair and pleasing as Desdemona and played the part well. Mark Price won favor as the calculating double faced Iago, and some of his scenes were exceptionally good. R. G. Stove, as the characterless Rodrigo, also deserves mention for good work. The play was well staged and was witnessed by a large audience which was, however, not a very enthusiastic one.

The next attraction at the Myers Grand will be the new rural comedy drama, "The Village Parson," which comes next Tuesday evening. It is said to be a play full of human interest, a pretty heart story of common people yet abounding in stirring dramatic scenes which makes the development of the story a thrilling one. A little blind girl is one of the central figures of the play and the entire company is a very competent one. Special scenery is carried for the production which is owned by the proprietors of "Human Hearts," a play which has always been a favorite in this city.

## PRICE-JONES MARRIAGE

Well-Known Janesville Young People Wedded at Rockford, Ill.

The marriage of Miss Stella Price and Arthur Jones at Rockford yesterday morning was solemnized at the parsonage of the First Congregational church. Rev. Fred Bodman officiating. The wedding was a very quiet affair, the happy couple being unattended on their joyous mission. Both young people are well-known and highly esteemed in this city. The bride is the daughter of Mr. and Mrs. C. W. Price and is a young lady of rare personal charms and pleasing manners which win the friendship of all who know her. The groom is a genial young man socially and is ambitious and enterprising in a business way. He is foreman of the dyeing department at the wollen mills and is the only son of Mr. and Mrs. W. H. Jones. The groom's parents went to Chicago today to extend congratulations to the happy couple and see them well started on their wedding trip which will include a visit to the Pan-American exposition, Niagara Falls and other points of interest and a few days' visit with relatives at Utica, N. Y. On their return the young people will make their home for a time at least with the groom's parents. They have the very best wishes of a host of friends for a happy and prosperous future.

Daughters of the Revolution Members of the Janesville chapter of Daughters of the American Revolution are anticipating a most delightful meeting for tomorrow afternoon at which time they will entertain their sister organization from Fort Atkinson. The meeting of the two chapters will be held at St. Lawrence

Place at the home of Mrs. Ogden H. Fethers who is regent of the local chapter, at three o'clock and will be social in its nature. It is expected that about twenty ladies from Fort Atkinson will be present to enjoy the hospitality of the local chapter.

## HOT FOOTBALL AT BELOIT TOMORROW

Notre Dame Has Never Been Defeated by the Line City Athletes—Team is Somewhat Crippled.

Beloit, Oct. 25.—Beloit has never won a football game from Notre Dame. In the two games played in late years Notre Dame won the first by a score of 6 to 0. This was in the days of Cox and Hinkley and "Big" Bunge.

Last year Beloit went to South Bond and held the Notre Dame boys to a score of 6 to 0. The game here tomorrow will be the third contest and it will be a good one. The Notre Dame team is much heavier and on the whole stronger than the local team. They have already held the Northwestern team to a score of 2 to 0.

The last few nights of local team practice has been very pleasing to the coach. However, the team has been crippled somewhat by the injuries that have resulted to some of the players. Cronk injured one of the tendons of his instep and Mills has a "tackle" shoulder. Both Slater and Merrill are out of condition and can hardly be expected to put up a nerve killing game throughout. Peffer is playing center very well and the change from left tackle to center seems to have redounded to the benefit of the team. Bunge will be played at left guard on defense and Merrill will be used to back up the line and throw back Notre Dame men when they come hurdling over. Merrill at present lacks ginger in plugging holes in the line.

Fire Damages Armour Plant.

Omaha, Oct. 25.—A fire which started in the fertilizing building of the Armour Packing Company's plant at South Omaha at 10 o'clock did \$50,000 of damage, equally divided between building and stock. The fire is thought to have originated from a spark from the fertilizing mill. The building which was 80 by 100 feet and two stories high, is a total wreck.

Stanley Tallman goes to Chicago this evening on a business trip.

## A MAN'S A MAN FOR A THAT

The Milwaukee News, the most radical democratic paper in the state, in speaking of Booker T. Washington, says:

"Yet this man, who is in every way worthy of honor and consideration, the negroes tell us should be socially ostracized, and deprived of the honor that his work commands because he is a negro. There can be no standard that appeals to men's reason and sense of justice other than the standard of individual worth and mental attainments in the broad relations of man to man. Petty social distinctions shrink and shrink before worth. No man dishonors himself in recognizing these qualities in his fellows, but does honor to his manhood."

"The antipathy of race—the law of natural selection—may place barriers that maintain the great race divisions of the world, but in the field of man's relation to man, in observing the common decencies of life, in respecting and acknowledging ability and worth, there can be no color or race line. 'A man's a man for a' that,' is overlastingly true, and those who deny it dishonor themselves. Fortunately for the welfare of our country, there are men and institutions broad enough to differentiate between the natural impulse to preserve race divisions and the prejudice of race that is a legacy of savagery."

The editorial was prompted by the criticism now going on in the south occasioned by the courtesies extended to Mr. Washington by President Roosevelt and President Hadley of Yale. The News assumes a manly stand that will be generally endorsed. Henry Watterson of the Louisville Courier-Journal, in discussing the same topic, claims that the president has sacrificed dignity as well as popularity, and that President Lincoln or President McKinley would never have been guilty of such indiscretion.

"Mr. Watterson has overlooked the fact that the strength of character is individually, and that the great strength of President Roosevelt's character, is his independence of thought and action, never influenced by policy or expediency. He will not attempt to be either Lincoln or McKinley, and it is unfair to attempt to cast him in the same mold. When he extended hospitality to his southern guest, he exhibited a side of his nature that is peculiar to his strong personality, and that has contributed much to his popularity. He did not defy public sentiment, neither was he actuated by a desire to air his own independence. He simply did what was the most natural thing for him to do, without thought of censure or criticism. Results, which have been a source of amusement to him, will not tend to weaken his policy or change his methods. While distributing patronage to the white democracy of the south, with one hand, the other is extended to an ignorant race, to lift them up to the level of intelligent citizenship."

"If it is possible for Booker T. Washington to lift himself from ignorance and degradation, to manhood in its best estate, it is possible for the race he represents to be elevated to a higher plane of intelligence. The president recognizes these conditions and his action will meet with general approval."

## CHANGE THE LAW.

The Chicago postoffice was recently robbed of \$74,000 worth of stamps, and Postmaster Coyne finds himself liable for the amount, and with nothing to fall back on except his bondsman, as Mr. Coyne is not a man of wealth, congress will probably relieve him, as he was in no way responsible for the loss.

The law concerning postmasters' liabilities needs a general overhauling, to meet changed conditions growing out of the civil service act. A postmaster is liable for any loss that may occur through the carelessness or dishonesty of a clerk, he is a sort of blanket bondsman for the whole outfit, and yet he has nothing to say about hiring or discharging them. The civil service commission attends to that, while the postmaster stands around like a figurehead, with his hands in his pockets to foot the bills. He has less authority than the section boss on a railroad.

Civil service reform, as applied to postoffices outside of departments that require experienced help, is a great humbug, and should be abolished. If the department will spend a little time in looking after the interests of the public, and less time to encouraging unions of government employees, it will discover a state of inefficient service that no other line of business would tolerate for a week.

Grover Cleveland is said to be a great statesman. His greatness con-

sisted in inaugurating an era of free trade, that paralyzed industries, and threatened to bankrupt the nation. This piece of high handed folly was corrected in time to prevent serious disaster, but his civil service hobby remains as a monument to greatness, spelled with a small "g."

## RETALIATION.

A spirited discussion is just now going on in the Bunderrath of Germany. This organization represents the federal council or lower house, and sustains to the people a similar relation to the House of Commons in England.

The discussion is over American competition which is being keenly felt throughout Germany, where many industries are lagging. Conditions are so serious that the "Bund" has taken the matter in hand, and will attempt to interest the nations of central Europe, in an effort to retaliate, by prohibitive tariff laws.

They claim that they have no disposition to be unfair, but simply ask for trade relations that will enable them to compete for business in the markets of the world.

While the action of Germany may be meaningless, it is worthy of more than passing thought. Russia adopted a similar policy a year ago, with disastrous results to a class of American manufacturers, and a combined effort along the same line would be still more significant.

It is perfectly natural for every nation to reach out for foreign trade, and self interest seldom stops at any method to drive out competition. America leads the van today, and will continue to do so if wisely handled.

The time is ripe for an adjustment of trade relations on a friendly and equitable basis, and an adjustment of this kind is better by far than a fight, with nothing but retaliation or revenge, as a motive. American genius, that has been equal to so much in the way of accomplishment, should be able to solve the problem that now confronts the nation, and if it will give the subject intelligent and unprejudiced attention, reciprocity will not only be recognized, but adopted, and the country will continue to prosper.

While it is the first duty of every man to look out for his own household, and a man who fails to do this is said to be worse than an infidel, yet selfish interests sometimes makes it necessary to grant concessions, and when these occasions present, the man who fails to observe them is both unwise and foolish.

A protective tariff is in the interests of the home, it has not only blessed the nation, but it has furnished ample employment at good wages, to American labor, and contributed to the prosperity and happiness of the individual home. These conditions, so widespread that they touch the land at every point, should be fostered and encouraged, but to do this, our rapidly increasing productions must find a market, and other nations must be encouraged to use the surplus.

Reciprocity provides for this contingency, and it should be adopted and put in force without unreasonable delay.

The republican party has been equal to emergencies in the past, and a republican congress will not hesitate to extend a friendly hand to the nation's customers abroad, in the interests of continued prosperity.

A Chicago hay dealer, W. J. Armstrong, who handles from fifty to one hundred cars a day, discovered in a recent shipment boulders weighing from two hundred to three hundred pounds. He was not at all surprised, as he says he has a collection of everything from railroad iron to broken car wheels, as the result of several years' experience with enterprising shippers.

W. J. Bryan has started out on a six weeks' tour of Nebraska, in the interests of the fusion ticket, a combination of anything and everything to beat the republican party. He will travel by special train, speaking from three to four times a day, and while his pen takes a rest his tongue will work overtime. Nebraska is entitled to sympathy.

General Buller of Tugela River fame has been retired on half pay. England has been slow to discover that he was totally unqualified to conduct an aggressive campaign. He is a wealthy land owner and will return to his estates at Downes in Devonshire, and take up his old life as a gentlemanly sportsman.

One of the weaknesses of Seth Lowe's campaign in New York is in the fact that Carl Schurz has taken the stump for him. Schurz is a reformer of pronounced type. His influence has never been felt outside the silk stocking element. If Mr. Lowe expects him to reach the masses, he will be disappointed.

The Schley investigation develops the fact that the commodore was cool during the engagement off Santiago. Of course he was cool, but the court room farce to which he is now subjected, is enough to make any man hot under the collar. If Bob Evans was a party to it, he would be obliged to go out doors to swear.

Marinette, recently indulged in an old time charavari. The groom, an elderly sinner, refused to set up the

beer, a lively fusillade resulted with shot guns and revolvers, and many arrests followed. Marinette is a little wild, and somewhat woolly, in spite of a heated campaign.

## PRESS COMMENT.

Beloit Free Press: Glorious death on the football field appears to be more frequent this year than usual.

La Crosse Republican and Leader: Now that the doctors have agreed that it was a bullet which killed President McKinley, ordinary humanity may believe it.

Superior Evening Telegram: The crushed stone contractors are preparing to form a combination but no invitations to join will be extended to rock breakers who are working out thirty-day engagements.

La Crosse Republican and Leader: Chairman Philipp is just the kind of a republican to need no vindication. The source of the charges against him is its own refutation.

Racine Journal: One of the burlesques of our civil service examination was that which required female applicants for free delivery service in the postoffice department to be able to jump twelve feet. This rule the postmaster general has just abrogated as nonsense, which it is.

Apleton Crescent: The president, it is rumored, may recommend a bill that will encourage the merchant marine rather than the fast passenger steamships; but it will be a steal whatever the guise, says the Madison Democrat. The moment Mr. Roosevelt lends himself to any intrigue of the sort he will furnish campaign material highly dangerous to his own cause. No one can yet conceive that he will permit himself to be drawn into the job.

Fond du Lac Reporter: So far there has been no protest from Booker T. Washington or his race, over the entertainment which he received as a guest of President Roosevelt. As the colored race was made equal to the white man—with a voice in all public affairs, the president was but working out a policy which Grant, Sherman and Bragg fought for.

Fond du Lac Commonwealth: There is a delightful contrast between the action of the authorities of the Wellesley college, one of the most fashionable schools for young women, in America, and that of certain excitable southern people on the color line. While the southerners, or many of them, are roundly criticizing President Roosevelt for inviting Booker T. Washington to dinner, Wellesley college accepts Mr. Washington's daughter as a student on a plane of social equality and even permits her to preside at social functions.

## AMERICAN ECONOMIST.

What the free traders desire and are trying under one disguise or another to bring about, is the opening up of the whole subject of tariff revision in the house of representatives. They will strike for general tariff legislation, not in the full hope of getting it, but more with the view of developing material for next year's congressional campaigns.—Washington "Star."

In view of past experiences, the people of this country ought to be very slow to take any steps in the direction of tariff reduction that has the endorsement of the Free-Trade League.—Moravian Falls (N. C.) "Yellow Jacket."

When factories are prosperous, farmers are equally so. This is what is now so materially aiding the tillers of the soil in the west, and especially in Iowa, where a surplus is produced. The policies of the republican party are helping the masses.—Davenport, (Iowa) "Republican."

"The tariff is a tax," said the free traders, "and merely enhances the price of everything it is laid on and prevents our building up any export trade." How completely events have disproved those theories.

There would be no steel trust, says the Hon. William Joel Stone, if Bryan were president. Quite so. There would be a soup house trust.—Albany "Journal."

Entertained Friend From Paris: W. S. Dallica, the European representative of the American Express company with headquarters in Paris, was yesterday the guest of the Hon. O. H. Fethers and wife. Mr. Dallica entertained Mr. Fethers and wife during their official visit to the world's fair at Paris. Mr. Dallica is well known to many in this section of Wisconsin, he having been superintendent of this division for the American Express company.

## LAST BUGLE CALL FOR CLARK POPPLE

An Old Grand Army Veteran in the Town of Center Answers the Summons of Death.

The last bugle call has sounded for another of the veterans of the civil war and Clark Popple of the town of Center, has been honorably discharged from the Grand Army of the Republic to take his place in the ranks of that grander army of heroes who have passed from earthly vision. His death occurred at his home yesterday afternoon at four o'clock, the immediate cause being heart trouble. Deceased was fifty-seven years of age and was one of Rock county's prosperous and best known farmers. He had a host of friends in this city and was a loyal member of W. H. Sargent Post No. 20, G. A. R. Besides a devoted wife he leaves two sons and two daughters, William, Frank, Helen and Mary Popple, all of whom reside at home.

Funeral services will be held from the home Sunday afternoon at 2 o'clock. Rev. R. C. Denison will be the officiating clergyman.

### Death of Mrs. Susan Hogan.

A long life of usefulness and thoughtful service for others came to a close yesterday when Mrs. Susan Hogan passed into the sleep which knows no earthly waking. Her death occurred at her home on East-ern avenue, Mrs. Hogan having been ill for about three weeks. Deceased was eighty years of age and the greater part of her life was spent in this city where her kindly nature made a host of friends who will mourn her death sincerely. Two step-daughters, Miss Nellie Hogan and Mrs. James Sheridan of this city and three grandchildren, John and Stephen Maxwell, of this city and Mrs. Thomas Kennecane, of the town of La Prairie, survive her.

### Funeral services will be held on Saturday morning from the home at nine o'clock and from St. Patrick's church at 9:30 o'clock. The interment will be in Mount Olivet cemetery.

### Mrs. Clara B. Warner Dead

Mrs. Clara B. Warner was released from life's sorrows and suffering today, her death occurring at the county hospital for the insane where she was cared for. Deceased was fifty-nine years of age and her home was formerly in the town of Bradford. She leaves two sons and one daughter, one son in Sheboygan and the other son and daughter residing in New Jersey. The remains are at Frank D. Kimball's undertaking rooms and will be shipped to Stamford, Conn., for burial. The sons will come to this city to take charge of the remains.

### Heart Failure Caused Death

After an extended illness as the result of heart trouble and paralysis, James Moore died this morning at 6:30 o'clock. Mr. Moore was 55 years of age and leaves to mourn his loss three daughters. The funeral will be held from 57 Racine street.

Funeral services will be held from St. Mary's church tomorrow afternoon at three o'clock.

## STOVE FACTORY MAY LOCATE HERE

Milwaukee Parties Enquire Price of the Upper Cotton Mill—Deal Would Involve Much Cash.

Milwaukee parties interested in the manufacture of stoves have asked for a price on the upper cotton mill located at Franklin, Phillips and West Bluff streets. W. R. Phillips of Evansville is engineering the deal in the interests of the Cream City business men.

A local mill stockholder said this morning: "All I know about any such transaction is that certain stove manufacturers located in Milwaukee have asked the Janesville Cotton Co. for a price on the upper mill."

### GOING OUT OF BUSINESS

Burt Richardson the proprietor of the Peoples' meat market, next the opera house has decided to retire from the meat business and will close out all stock before Saturday evening, October 26th. Some meat bargains will be offered Saturday night in order to clean up all stock. Mr. Richardson will remain in the market until Nov. 1st to collect all outstanding accounts. Those indebted to him are requested to call and settle at once.

### Morgan Passed Through Town

Cook & Co., every Saturday and Monday.

A rummage sale to be conducted by the Francis Murphy League and the W. C. T. U. will be opened next Thursday, Oct. 31, at the store corner of River and Milwaukee streets. The money will be used to help unfortunate people and to aid men in standing on their feet again. More good is done by these organizations in a quiet way than the community realizes and everyone should help a good cause by supporting the sale. Donations are earnestly solicited.

N. P. Strauss of Madison was among the prominent leaf tobacco dealers who were in attendance at the banquet held yesterday by members of the Leaf Tobacco Merchants' association. Mr. Strauss was a notable figure for the reason that he was the representative of the world famous tobacco trust known as the American Tobacco company. Mr. Strauss assured the dealers yesterday that his company would heartily endorse any action taken by the association to promote the leaf tobacco interests of Wisconsin.

## TWELVE WAITING TO BE EXAMINED

Applicants for a Teacher's Certificate Up Before County Superintendent Throno Today.

County Superintendent David Throno is conducting teachers' examinations in the board of education room at the High school building, today and tomorrow. It is the first quarterly examination which Supt. Throno has held under the new law, which requires three general examinations to be held quarterly at the county seat, following the holding of examinations by inspection-districts in August. The present examination is for all three grades of certificates, the law requiring two of the four examinations to include all grades. Today there were twelve young people, two of them young men, writing on the examinations. Of this number two were writing for first grade certificates, one for second grade and the other nine on third grade branches. The third grade examination requires two days but there are several teachers who expect to write for the first and second grade certificates tomorrow.

Ushers at the Myers Grand Opera house have been talking of late of indulging in a strike. The boys state that they ought to each have an extra free ticket so that they could entertain their lady friends. Another one of the ushers said his opinion about the opera house by stating that Manager Myers was running in too many good shows. This usher soon lost his position. The difficulty has been settled and peace once more reigns.

## THEATRE USHERS ORDERED A STRIKE

Manager P. L. Myers Soon Mastered the Situation and Once More Peace Prevails.

Ushers at the Myers Grand Opera house have been talking of late of indulging in a strike. The boys state that they ought to each have an extra free ticket so that they could entertain their lady friends. Another one of the ushers said his opinion about the opera house by stating that Manager Myers was running in too many good shows. This usher soon lost his position. The difficulty has been settled and peace once more reigns.

Reception This Evening

The home of Mr. and Mrs. J. D. Crawford, on Washington street, will be the scene of a pleasant reception this evening, given in honor of Mr. and Mrs. George H. Crawford, who will arrive here on the 7:15 train from the north. Mr. Crawford is the youngest brother of Archie, and J. D. Crawford of this city, and he and his bride are on their wedding trip. Their marriage was solemnized at St. Paul, October 15th, the bride being Miss Lorraine Crawford, who, notwithstanding the fact that marriage did not change her name, was not related by blood kinship to her husband. Mr. Crawford is a traveling salesman for the Waukegan Flour mills, with headquarters at Chicago and he and his bride will reside at Austin, Ill., where he has built a handsome home.

Tonight's reception for the newly wedded couple will be a happy affair and will be preceded by an elegant dinner at which the families of the three brothers will be the guests.

## SIX CORNERS

Mr. and Mrs. A. Lewis Maxon are at the home of the bride's parents, Mr. and Mrs. F. V. Summerbell.

Messrs. Hayward and Richardson and their wives attended the marriage of their brother at Roscoe, Ill., last week.

Oscar and Willie Crandall are to take in the sights at the Pan-American next week.

Mr. and Mrs. R. S. Howard, accompanied by their daughter, Mrs. Katie Bacon, and Master Grant Howard, started for Buffalo Tuesday morning.

Those attending the dance at the home of Mr. and Mrs. Alfred Yates Tuesday evening report a pleasant time.

The ladies of the Harmony W. C. T. U. will hold a Halloween social at the home of Mr. and Mrs. W. H. Gray, Thursday evening, Oct. 31. All are cordially invited.

## CONTRACTORS HERE MUCH WORRIED

Rockford Humane Society Claim That Horses Are Being Overworked on Electric Line.

It is said that certain Janesville contractors are much worried at present over a report sent to the Rockford humane society to the effect that some of the horses used on the construction of the Rockford-Janesville electric line are being unmercifully used. It is said that they are worked almost beyond the point of endurance and proper care is not taken of them, so that several of them have their shoulders and necks covered with galls and raw sores.

The principal complaint is in regard to teams that are being worked near Roscoe and the humane society has been asked to take some action in the matter.

## BICKNELL COMPANY PURCHASE LAND

Secure Valuable Corner Opposite the Adam Holt Hotel, Paying the Sum of \$2,500.

The Bicknell Hardware Company have made the purchase of the land at the corner of Wall and Academy streets of Adam Holt. The purchase price was \$2,500. The lot has a frontage of 44 feet on Academy street and 120 feet on Wall street.

It is said that it is the intention of the Bicknell company to erect a three story brick warehouse in the spring.

## ANNUAL MEETING OF CLINTON Y. M. C. A.

A party of gentlemen from this city went to Clinton this afternoon to attend the annual meeting of the Clinton Y. M. C. A. The meeting opens with a banquet at six o'clock and will be followed by addresses, music and a business meeting. The Clinton association is a flourishing one and its annual meetings are always large affairs and great successes.

Hon. J. M. Whitehead, who is the president of the state association is to deliver one of the principal addresses. State Secretary Anderson, General Secretary Willis, of Milwaukee and other prominent Y. M. C. A. workers of the state will be present and participate in the meeting. A male quartet from this city including E. E. Van Pool, J. C. Kline, F. F. Lewis and G. W. Dudley will sing.

Besides Mr. Whitehead and the members of the male quartet, A. E. Matheson, J. H. Jones and W. E. Clinton are among those who will be guests of the Clinton association this evening.

## Mr. and Mrs. Norman Walte Church and son Ralph, who have been visiting Mrs. Church's parents, Mr. and Mrs. C. B. Withington for several weeks past, will leave tomorrow morning for Los Angeles, Cal., where they will spend the winter.

In tans, blacks and Oxford mixed goods we are showing the latest style cloaks at prices from \$10 to \$30 each. Bort, Bailey & Co.

Actor Mantell Plays Golf

Mr. and Mrs. Robert Mantell spent the greater part of the day on the St. Ignace Golf club's links. Mr. Mantell is an enthusiastic golfer and was delighted when Secretary Baker

called on him at the Hotel Myers yesterday and extended the courtesies of the St. Ignace club. Mr. Mantell and Mr. Mantell's manager, James McAlldoo and F. E. Fifield in a foursome. Mr. Mantell was enthusiastic in his praises of the local course and was so pleased with yesterday's outing that he arranged his business affairs so that he and Mrs. Mantell might remain here until late this afternoon. The company appears in Beloit this evening.

## BETWEEN SENIORS AND SOPHOMORES

High School Football Game at Athletic Park Tomorrow Afternoon—The Line Up.

The high school football game tomorrow afternoon at Athletic park will be between the Seniors and Sophomores. The Sophomores have a strong team and the Seniors have lost several of their best players during the past week from the fact that they have fallen below the average in three studies and have been disqualified by the teachers. The rule is that no student is permitted to play in the games whose school work is below the stated average and this rule is rigidly enforced. Football is thus made to serve a double purpose, being excellent physical exercise and training and inciting students to rank well in their studies.

The loss of players from the Senior team is a serious one and the Sophomores have great hopes of scoring a victory. At any rate the game promises to be a close one and there will be the usual excitement and interest. The teams will line up as follows:

Seniors Position Sophomores

Rollin Lewis..... Louis Gage

Harry Stanton..... Ada Locke

Matt Roberts..... Roy Lewis

Frank Holt..... Roy Hulland

Will Day..... Walter Carle

Walter Anderson..... Warren Porter

Rosa Knox..... Arthur Fardy

Clarence Sutherland..... Chaunling Kent

Rosa Bump..... Max Millmore

Will Fox..... Starr Atwood

## ERA OF PROGRESS IS ON AT BELOIT

NO SUCH MOVEMENT IN REAL  
ESTATE IN YEARS.

Fairbanks, Morse & Co.'s New Pump  
Works Are Assured—First Steps  
Taken to Erect a First Class Mod-  
ern Hotel Building—Ready to Se-  
lect Library Site.

Beloit, Wis., Oct. 25.—(Special)—  
Beloit seems to be entering upon an  
era of extraordinary activity and  
prospects for the continued growth  
of her enterprises and population are  
bright. Not for a great many years  
has there been so much movement in  
real estate as with the new enter-  
prises in view, assured it will mean  
much to the future of the city.

Announcement is expected daily of  
the intention of the Fairbanks, Morse  
Company to locate its new pump  
works in this city in conjunction with  
their present factory. This would  
mean an increase of 500 in popula-  
tion, and to house this number of  
mechanics who would come from  
other cities a concerted plan is to  
build 100 dwellings has been pushed  
with every indication of final success.  
Many of the houses are already un-  
der way.

The first steps were taken Monday  
evening last by a company of repre-  
sentative business men looking to-  
wards the organization and incorpora-  
tion of a hotel company to erect a  
first-class, modern hotel, the plan to  
be carried out without unnecessary  
delay. A committee composed of  
C. B. Salmon of the Waterworks Co.,  
Hon. L. Holden Parker, the retired  
banker, and A. N. Bort of the dry  
goods firm of Bort, Bailey & Co., was  
appointed to secure options on suit-  
able sites and report at a later meet-  
ing. It was stated that one man not  
present has signified a willingness to  
take \$10,000 worth of stock in a hotel  
company if one was organized. This  
present hotel accommodations in  
Beloit are not what they should be  
and are not in any sense a favor-  
able advertisement abroad for the city.

An even dozen sites have been of-  
fered the library board from which to  
select a desirable site for the loca-  
tion of the Carnegie library. They  
range in price from \$3,500 to \$12,000.  
No action has been taken by the  
board but in the selection of a site  
it is promised that no such squab-  
bles as other towns have had over  
the same question will be had here.  
The most favorable location just  
now is the Lipman property ad-  
jacent to the High school.

South Beloit with its factory en-  
terprises and residence section is the  
center of attraction these days. What  
was a waving field of corn a short  
time ago is now by dint of push and  
enterprise the location of two of the  
best factories the city has—The  
Thompson Works and the Blake Knit-  
ting Works. One mile of cement  
sidewalk has been laid in the district  
and the foundations are being laid  
for many dwellings. The rising walls  
of the two factories give evidence  
that the erstwhile "dream" has come  
true.

Within a stone's throw of these  
factories a horde of workmen are en-  
gaged in building the power station  
for the electric line. Other workmen  
are grading for the road bed and al-  
together South Beloit is a very busy  
place.

The Berlin Machine Works will  
shortly commence the new additions  
to their plant which will necessitate  
the closing of the street. The addi-  
tion will be a gigantic one and will re-  
sult in the importation of 150 more  
skilled workmen.

The R. J. Dawd Knife Works are  
building a considerable addition to  
their plant. The Bralagan hotel and  
the Marten business block are two  
down-town buildings just completed—  
both being of the most modern archi-  
tecture; and the new two-story brick  
plant of the Beloit Steam Laundry is  
well under way.

A contractor cannot be had for  
love or money at present, else other  
contemplated important building en-  
terprises would be under way. There  
are at least one hundred residences  
now in process of construction.

Mr. and Mrs. George Shaw cele-  
brate their golden wedding anniversary  
Tuesday evening at their beauti-  
ful country home two miles south of  
the city. More than one hundred  
relatives and friends from Afton, Be-  
loft and Janesville were present.

During the past week Cupid has  
been busy in Beloit. The following  
well known young people have taken  
the vows which unite them for weal  
or woe: Miss Sadie Goodwin and  
Edward Rystrom; Miss Alma Ander-  
son and Mr. Thomas Hegeman, and  
Miss Daisy Follan and Duncan M.  
Kelly, of near Manchester, Ill. The  
engagement of Capt. Rolf Rosma of  
Co. L, W. N. G., to Miss Ethel Mor-  
ris, is also announced.

The first sale day of the recently  
organized Beloit Horse Sale associa-  
tion will be held on Nov. 20, and on  
the third Wednesday of each month  
thereafter.

**Deafness Cannot Be Cured**  
by local application, as they cannot reach the  
diseased portion of the ear. There is only one  
way to cure deafness, and that is by constitu-  
tional remedies. Deafness is caused by an in-  
flamed condition of the mucous lining of the  
Eustachian tube. When the tube gets inflamed  
you have a rumbling sound or imperfect hear-  
ing, and when it is entirely closed deafness is  
the result, and unless the inflammation can  
be taken out and the tube restored to its nor-  
mal condition, hearing will be destroyed for-  
ever. Nine cases out of ten are caused by  
catarrh, which is nothing but an inflamed con-  
dition of the mucous surfaces.  
We will give One Hundred Dollars for any  
case of Deafness (caused by catarrh) that can-  
not be cured by Hall's Catarrh Cure. Send for  
circulars free.

## READY FOR RAILS ON THE NEW LINE

Grading Work on the Beloit, Delavan  
Lake & Janesville Road is  
Nearly Completed.

Of the electric line now building  
from Rockford to Janesville the Rock-  
ford Register Gazette says:

"The work on the electric road from  
Rockford to Beloit and Janesville is  
making satisfactory progress. All  
the matters which have threatened  
difficulty and delay have been smooth-  
ed away. The interruption in the  
case of the right of way across the  
Hart place, north of Rockford, is  
practically out of the way. The case  
will be carried up, but a deposit will  
be made with the court so that work  
on the right of way can be complet-  
ed."

"The village of Roscoe gets a fine  
bridge out of the building of the road,  
twenty-two feet wide with a five-  
foot sidewalk, the village itself pay-  
ing only a quarter of the cost. Work  
on the two bridges between Roscoe  
and Rockford is under way, the pil-  
ing being put in and the work on the  
embankment being in progress. The  
crossing of the creek at Roscoe is  
also in excellent order, a well graded  
street of full width having been  
built by the company."

"The setting of pole lines was be-  
gun this week from the Rockford  
end. Mr. Clough says that they ex-  
pect to begin laying track in Novem-  
ber. The fact that no serious ob-  
stacles intervene to interfere with  
construction tends to make a new  
prospect of the completion and use  
of the line by the several companies.  
"George Knox, electrical engineer  
for the Rockford-Janesville line, came  
out from Chicago today and with Su-  
perintendent Ellis of Rockford Rail-  
way Co., went over the line. Mr.  
Knox said that the road from here to  
Beloit would be pushed with all  
rapidity, and as large a force as con-  
sistent would be kept constantly at  
work."

## American Beauties.

There are none fairer or sweeter the  
world over. Unfettered and untram-  
meled the American woman queens it as

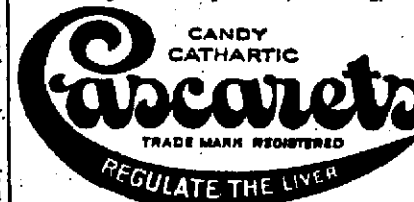

cloud the complexion.  
Mrs. Mary R. Lewis, of Tanner, Gilmer Co.,  
Va., writes: "Dr. Pierce's Golden Medical  
Discovery, 'Favorite Prescription' and 'Pleasant  
Pellets' cured me when doctors and other  
medicines failed. For fifteen years I suffered  
untold misery. I had given up all hope of  
ever getting well. I could not lie down to sleep,  
and everything I ate would almost cramp me to  
death. Was very nervous and could hardly walk  
across the room. I only weighed ninety pounds  
when I commenced taking these medicines six  
years ago. I now weigh one hundred and forty  
pounds and am having better health than ever  
before. After being sick so long I have changed  
to be robust and raychecked. I have taken fifteen  
bottles each of 'Prescription,' 'Discovery' and  
'Pellets.'"

Dr. Pierce's Pleasant Pellets act gently  
but effectively. Women value them.

## HEADACHE

"Both my wife and myself have been  
using CASCARETS and they are the best  
medicine we have ever had in the house. Last  
week my wife was frantic with headache for  
two days. She tried some of your CASCARETS  
and they relieved the pain in her head almost  
immediately. We both recommend CASCARETS."

## A TRAIN FALLS TO RUIN

Serious Wreck on The "Q." at  
Exline, Iowa.

### PASSENGERS ESCAPE ALIVE.

Dash Down a 40-Foot Embankment  
Leaves Mass of Wreckage and Causes  
Many Injuries—The Engineer Failed  
to See Danger Signal.

Ottumwa, Iowa, Oct. 25.—The Chicago, Burlington & Kansas City south-bound passenger train No. 1 was derailed at Exline about 1 o'clock p. m. and dashed down a forty-foot embankment, carrying its thirty-six passengers to what seemed almost certain death. That all escaped alive is a most remarkable fact, when it is considered that the train was running at a high rate of speed; that all the cars left the track, and were hurled with such terrific momentum that they now lay an utterly demolished mass at the bottom of the deep gulley. Although accurate details of the wreck are not yet to be had, it is believed that a large proportion of the passengers were more or less injured. Three will doubtless lose their lives, while several others sustained injuries of a serious character.

List of those most seriously injured is as follows: R. B. Brownling, Keokuk, Iowa; Mary Corydon, Moulton, Iowa; George Freeland, Brownling, Mo., serious back injury; Mrs. M. M. Freeland, Brownling, Mo., injured internally, serious; J. W. Huffman, Moulton, Iowa; J. W. Hayes, Drakeville, Iowa; Mrs. Honey, Carrollton, Mo., arms and legs broken; George Headley, Moulton, Iowa; Mrs. James Mace, Unionville, Mo.; James Mace, Unionville, Mo., internal injuries, will die; H. C. Moore, Bloomfield, Iowa, mail clerk, injured about face and head; Mr. and Mrs. Moring, Lancaster, Mo.; Miss Sophie Peterson, Cedar Rapids, Iowa, limbs broken; John Seewright, Kansas City, Mo., breast and back hurt, serious; S. A. Snider, Carrollton, Mo., collar bone and arm broken; J. C. Scovern, Carrollton, Mo., conductor, probably fatally injured; Wyman Seewright, Lancaster, Mo., internal injuries, will die; J. W. Whetmore, Lawrence, Kan.; Unknown girl, enroute to Cincinnati, badly injured; R. B. Clannahan, Harris, Mo.; J. Clinton, Exline, Iowa; W. M. Farnsworth, Downing, Me.; Mrs. Secord, Unionville, Mo.

Section hands had been at work for several days laying new steel rails and otherwise repairing the track at Exline, and when the time for the arrival of the passenger train approached a signal flag for slow running was put out. Neither Engineer A. A. Ong nor Fireman Bruner saw the signal, however, and the train maintained its speed of thirty-five miles an hour. The end of a rail that had not been securely nailed down is said to have thrown the train from the track. Exline is a small place a few miles from the Missouri line in Appanoose county, Iowa, without telegraph or telephone communication, and it was an hour before word of the wreck reached Moulton. A relief train was quickly made up and hurried to the scene of the accident.

### CORPORATIONS MUST PAY.

Illinois Supreme Court Decides Against  
the Tax Dodgers.

Springfield, Oct. 25.—Capital stock and the franchisees of corporations must be assessed at a fair cash value by the state board of equalization. In brief, this is the decision of the Supreme Court, rendered, affirming the decree of the lower tribunal in the teachers' case.

The decision is sweeping and in its direct bearing upon the people is the most important ruling on questions of taxation ever entered by the Supreme Court of this state. The opinion of the lower court is sustained on every point and the taxpayer is given a standing before the judiciary which will establish a precedent in the administration of the revenue laws. No federal point is involved, and, according to the attorneys interested in the litigation, there is no appeal.

The state board of equalization will now be compelled to tax the franchisees of Chicago corporations enjoying public privileges.

### BRIGANDS SEND WORD.

Abductors of Miss Stone Again Heard From.

Sofia, Bulgaria, Oct. 25.—Communication with the brigands who kidnapped Miss Ellen M. Stone, the American missionary, has been reopened through the efforts of the Rev. Messrs. Thompson, Haskell and Reid, also American missionaries. It has not been learned here whether the negotiations have actually been resumed, but there is much encouragement in the circumstance that the brigands have permitted communication to be restored. That fact alone is taken to mean that Miss Stone is alive and safe from harm, for the present at least.

### Gold-Seekers Rush to New Field.

Pueblo, Colo., Oct. 25.—Roads to Benlah, in the southwest end of this country, are lively with pilgrims on the way to the new gold field.

### INTERVIEW WITH CZOLGOSZ.

Superintendent Collins Succeeds in Getting Prisoner to Talk.

Auburn, N. Y., Oct. 25.—Warden Mendel has issued invitations to the execution of Leon F. Czolgosz, the assassin who murdered President McKinley. The newspaper representation is limited to three press associations.

The execution will take place Tuesday morning at 7 o'clock.

When Father Szadkinski of Rochester left Czolgosz Tuesday it was with the understanding that he would return when summoned. Czolgosz was to ponder upon the subject of renouncing anarchy and embracing the church. Warden Mendel says Czolgosz has not yet requested the second interview with Father Szadkinski.

Superintendent of Prisons Collins of the state parole board had a long talk with Czolgosz.

"You can't help me," said Czolgosz, "No one can help me."

"Emma Goldman says she gave you some money once," suggested Collins, anxious to learn if there had been a plot.

"Did she say that?" said Czolgosz. "Yes, she says she gave you twenty-five cents."

"Well, she never did," replied Czolgosz.

"Why did you kill the president?" Czolgosz was asked.

"Well, I got tired of his going around talking about prosperity. I didn't see any of it. I couldn't get a job."

"Did you ever ask the president for work?"

"Yes, I saw him at Canton and asked him for a job, but he told me he could do nothing for me."

"Did you ask any one else for a job?"

"Yes, I asked several people, but I could not get anything to do."

"Why did you not kill the others who had refused to aid you?"

"I don't know," was Czolgosz's final reply. He will be executed at 7 a. m., on Tuesday, Oct. 29.

### Bessette Out of Jail.

Indianapolis, Ind., Oct. 25.—Edward E. Bessette, who was sent to jail by Judge Baker of the federal court for violation of the injunction at the Conkey printing plant in Hammond, has been released on \$1,000 bond. The bond was furnished by the Fidelity and Deposit company of Maryland at the instance of the Chicago Typographical union.

### Tramps Had Few Stamps.

Corning, N. Y., Oct. 25.—Investigation shows that there was only a small quantity of stamps in the possession of the tramps arrested here on suspicion that they had something to do with the Chicago postoffice robbery. The local police do not believe the men had any hand in the Chicago robbery.

### Murdered Woman Identified.

New York, Oct. 25.—The body of the woman found yesterday afternoon in the Hotel Melvin, in company with Emil Schilling, who had shot her and himself, has been identified by Joseph Cadish as that of his wife.

### SEASONABLE HINTS.

Guard Your Health in Fall and Early Winter.

A change from warm to cold is always attended with more danger than from a cold to a warm temperature, hence the greater mortality from lung and throat diseases at this season of the year as compared with spring.

The best protection against colds not so much in extra clothing as in good digestion.

If the digestion and circulation are good colds will be unknown.

Poor digestion causes poor circulation of the blood and when in this condition severe colds are contracted on the slightest provocation.

People who make a regular practice of taking Stuart's Dyspepsia Tablets after meals are free from colds, simply because their digestion is perfect, the heart strong and regular, and the whole system fortified against disease.

It requires little argument to convince anyone that the best safeguard against colds, pneumonia and change of temperature is a good stomach.

Stuart's Dyspepsia Tablets taken after meals are dissolved and mingling with the food cause it to be promptly digested and assimilated; they do this because they contain nothing but harmless digestive elements, which digest meat, eggs and other food even when the stomach itself is weak and flaccid.

Stuart's Dyspepsia Tablets make people well and keep them well, and the best habit you can acquire is to keep daily use of them at meals to make the digestive organs strong and vigorous.

Two million Americans suffer the torturing pangs of dyspepsia. No need to buy Burdock Blood Bitters cures at any drug store.

### OCEAN FREIGHTERS IDLE.

Dullness Caused by the Shortage of  
Corn Crop.

New York, Oct. 25.—There is unprecedented dullness in ocean freights. It is due to the shortage of the corn crop in the west, corn exports being 20,000,000 bushels behind those at the same date in 1900.

Experts estimate 100,000 tons of ocean cargo space tied up in New York, about the same amount in Philadelphia, and smaller amounts in Boston, Baltimore and New Orleans. Coal that was formerly carried to Europe for \$3.75 and \$4 a ton is now carried for \$2. General cargoes from the gulf to Denmark that brought \$4.50 and \$5 a ton are being taken for \$3.12. Ocean freights have fallen 20 per cent at least.

### Large Stock of Fruit.

Sun Joac, Cal., Oct. 25.—Local packers estimate the amount of produce of the crop of 1900 still on hand at 1,000 car loads. The estimated crop of Santa Clara county, prunes this year is 40,000,000 pounds, which, together with the estimated 20,000,000 pounds of the Italian variety produced by Oregon, Washington and Idaho, constitutes the stock to be sold. So far this season neither the commercial packers nor the California Cured Fruit association has made any special effort to dispose of this season's crop. All feel inclined to get last year's crop off the way first. The growers are showing signs of uneasiness, but the fruit association is confident of eventually finding a market for the new crop at a good figure. Prices remain the same, with few buyers.

## A Bad Disease

There is a certain disease that has come down to us through many centuries and is older than history itself, yet very few outside of those who have learned from bitter experience know anything of its nature or characteristics. At first a little ulcer or sore appears, then glands of the neck or groin swell; pimples break out on the breast, back or some other part of the body and fill with yellow pustular matter; the tongue and throat become sore and the mouth is at all times badly coated. Headaches are frequent, and muscles and joints throb and hurt, especially during damp, rainy weather. These are some of the symptoms of that most loathsome of all diseases, Contagious Blood Poison.

### Contagious Blood Poison

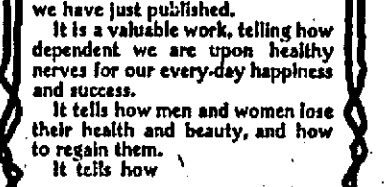

on does not affect all alike; some are literally eaten up with it within a short time after being inoculated, while others show but slight evidence of any taint for a long time after exposure, but its tendency in every case is to complete destruction of the physical system, sooner or later.

S. S. S. is a safe and infallible cure for this bad disease—the only antidote for this specific poison. It cures Contagious Blood Poison in every form and stage thoroughly and permanently. S. S. S. contains no Mercury, Potash or other harmful minerals, but is strictly and entirely a vegetable remedy, and we offer \$1,000.00 reward for proof that it is not.

## CADETS CEASE HAZING.

Col. Mills Reports No Known Cases at West Point.

Washington, D. C., Oct. 25.—The most important feature of the annual report of Col. A. L. Mills, superintendent of the military academy, relates to the measures taken for the suppression of hazing. Treating of discipline, he says:

"Throughout the last summer's encampment, which is the time when the new cadets are being initiated into their new life, and when hazing is ordinarily practiced, it is a fact that the great majority of cadets have obeyed the new order of affairs and the regulations loyally and willingly. Not one case of maltreatment of a new cadet is believed to have occurred; none have been required to perform services of a menial nature for old cadets; there has been no prearranged fighting and new cadet training has made exceptional progress. One cadet was severely punished for giving an unauthorized and absurd order to a new cadet and another for exceeding his authority as a drillmaster over them. The action of the latter is, it is believed, due to excessive zeal rather than a hazing spirit. Another reform has also been accepted, the abolition of what is known as official hazing, or the harsh and nagging tones of the cadet instructors over new cadets and cadet officers exercising authority and the substitution thereof of methods more appropriate for the training and education of young men to command in an American army."

## OMINOUS BRITISH MOVE.

Call for All Classes of Troops in the Kingdom Prepared.

London, Oct. 25.—An error committed by some of the provincial police has led to the premature leaking out of the fact that the war office contemplates the possibility of having to call out every volunteer in the country. The war office has distributed to the police offices throughout the kingdom bills ordering all reservists, militia, yeomen and volunteers to report themselves without delay to headquarters, with the view of active service. These bills are accompanied by letters ordering that the bills be kept in a safe place until telegraphic orders to post them up are received. The police of Lancaster overlooked the letter and posted the bills, causing widespread perturbation.

## Fear Jesuit Invasion.

Vienna, Oct. 25.—The dread of reinforcements for the already formidable clerical element by the arrival of Jesuits forced to leave France is indicated by questions asked in the reichsrath. The Pan-Germans, in particular, opposed the settlement of the French fugitives in Austria. The government's reply was reassuring. How-

ever, another protest has been made, members of the same party pointing out the supremacy of the Jesuits in the Austrian church. The government is urged to follow the French example and exercise greater control over the religious orders. The apprehensions thus expressed are widespread.

## No Steel Trust for England.

London, Oct. 25.—On the authority of the secretary of one of the largest steel companies in England a representative of the Associated Press is able to say that there will not be any steel trust formed here. There may possibly be some combinations of the smaller concerns, but the steel trade of England is practically in the hands of three firms, and these concerns emphatically deny that they contemplate amalgamation or absorption. It appears that a firm of London brokers, associated with John R. Bartlett of New York, approached the leading houses here, but received an emphatic refusal to agree to the propositions made.

## Tried to Meet Pat Crowe's Terms.

Omaha, Oct. 25.—Chief of Police Donahue, who has returned from Chicago, said he had done all he could in the way of complying with the conditions of Pat Crowe for the latter's surrender. The chief said his trip out of the city was not to secure the surrender of Pat Crowe; and that he had received no word of him during his Chicago visit.

## Greenhut Succeeds Siegel.

New York, Oct. 25.—Henry Siegel has tendered his resignation as president of the Siegel-Cooper Company, New York, and J. B. Greenhut of Peoria, Ill., who has been associated with the company since its organization, will succeed him. Mr. Greenhut recently purchased a large part of Mr. Siegel's stock in the company at more than four times its par value.

## TROOPS ARE CHOSEN.

Three Regiments of Infantry to be Ordered to Philippines.

Washington, Oct. 25.—Three regiments of infantry and two battalions of a regiment of cavalry have been practically selected for service in the Philippines. These are the Twenty-seventh infantry, eight companies of which are at Plattsburg barracks, N. Y., and four companies at Fort McPherson, Ga.; the Twenty-eighth infantry, eight companies of which are at Vancouver barracks, Wash.; two at Boise barracks, Idaho, and two at Fort Wright, Wash., and the Twenty-ninth infantry, eight companies of which are at Fort Sheridan, Ill., and four at Columbus barracks, Ohio. The cavalry selected are eight companies distributed between the Presidio at San Francisco, at Benicia barracks, California, and at San Francisco. These troops have been ordered to hold themselves in readiness for orders to Manila.

If you want to know what Smartly Dressed men will wear this season, ask to see Ziegler's Clothes.

'Man Wants Little Here Below,'

but he wants that little right. Taking it for granted that we are all going to heaven when we die, and that our needs on earth are small, it is safe to say that nearly all of us want that to be the best that we can get.

A Good Suit of Clothes Or An Overcoat Is a Part Of That "Little Here Below."

that we need, and if you are going to buy your Suit or Overcoat this Fall ready-to-wear, we earnestly urge you to buy clothes that bear our label.

We don't care how high your clothes-ideal may be, it will be realized by the Ziegler make. Yes even if you're a made-to-measure tailor's man; you will get more for your money than you have ever had before.
